# Victorian Healthy Homes Program

## Stay warm, stay well.

**Apply for a free home energy and warmth upgrade.**

**The Victorian Government is providing free upgrades to eligible households to reduce power bills and improve comfort and health in winter.**

## What is the Victorian Healthy Homes Program?

The Victorian Healthy Homes Program offers free home upgrades for low-income households where at least one person has a need for home care support services or has an existing health condition.

The program is funded by the Victorian Government and will measure health benefits and energy bill savings that result from making homes more comfortable in colder weather.

### What would I get from joining the program?

If selected, you would get a free home energy efficiency and warmth upgrade worth up to \$3500, safely installed by licensed tradespeople.

You would also receive 2–3 visits and 2–3 phone calls from an energy liaison officer to:

- › Work with you to identify your energy needs during winter
- › Help you find cheaper energy tariffs
- › Collect various types of energy use and health data (with your agreement).

For details on recruitment dates please visit [www.sustainability.vic.gov.au/healthyhomes](http://www.sustainability.vic.gov.au/healthyhomes)

### Am I eligible for this program?

To be eligible for this research project, you need to be aged 18 years or more, have lived in your current home for one year or more, and live in western Melbourne or the Goulburn Valley and:

- › have any one of the Commonwealth concession cards listed below and are receiving home care support services provided through your local council or other community organisation and plan to reside in your home for 2 years or more

OR

- › have any one of the Commonwealth concession cards listed below and are part of the Victorian Government's Health Independence Program/Complex Care Program and plan to reside in your home for 2 years or more

OR

- › have any one of the Commonwealth concession cards listed below and have a chronic respiratory disease and plan to stay in your home for 2 years or more.

People with the following types of Commonwealth concession cards are eligible to participate in this study: Centrelink Health Care Card; or a Centrelink or DVA Pensioner Concession Card; or a (DVA) Gold Card – For All Conditions.
